Voile

Celebrating the efforts of students who volunteer.

J&C Joel provided drapery solutions for the Hull University Union Awards; an annual event which rewards and celebrates the efforts and achievements of students who volunteer for the charity.

For the award ceremony, J&C Joel manufactured three purple Polyester Trevira (PT017) curtains, two with a width of 6.9 metres and a third measuring 7.2 metres wide. The curtains all had a drop of 0.8 metres and were applied around the skirting of the dance floor stage.

Also manufactured were four white Voile (VOI001) curtains all of which measured three metres wide with a 5.25 metre drop. The curtains were hung on either side of the projection screen on stage and were bathed in pink and purple lighting to match the colour theme of the events. Over 105 metres of white Voile was supplied by J&C Joel and installed by the client as a decorative, swag effect ceiling drape.

The many flowing metres of Voile twinned with the bright and colourful lights ensured a cool and classy atmosphere for this year's Hull University Union Awards.

Sophie Robertson, Student Activities Co-ordinator, said: "I couldn't have received better service from J&C Joel; from the first communication I had with them, the staff were efficient, helpful and welcoming. I would highly recommend this professional organisation to anyone, and look forward to working with them again in the future."
