Overview

The Mooring Sociable Club is a large space for the community. It is a performance venue, workspace, event and conference area and lots more.

Technical Components

- 10 prints of Theatrical Black Back Stretch
- Wool Serge 565
- Finished drapes – 3 pairs @ 8m x varying drops from 2.46 m – 2.65 m

Challenges & Successes

Quick turnaround time from final print confirmation to delivery of manufactured drapes. One pair had stepped shaping for a stage, so we exploded out the drapes and shaped them to suit. Due to the number of prints, a lot of time was taken to ensure the matching prints were used per pair. Each pair had four prints in total, apart from the stage pair, which had a BWS back.
